

My name is Sandra de la Rosa,  
I have 4 children, two of which are in the boot camp.  
My other daughters are very wonderful and beautiful.  
They are hard working girls and will succeed in life.

My son Alfonso is in the program because he needs some help.  
He has fallen on the wrong path and I hope the boot camp can  
mold him in the right direction.

Sandra is my youngest daughter and she has trouble -  
her listening skill.

boot camp has impacted my son by giving him some-  
changed. but I definitely see the effort due to boot camp.

Sandra has started keeping her things in order she -  
comes home rest for a little while then does what I ask her -  
as far as chores go.

It is a great help because it lets me know theres hope.

I look foward to go to the meetings on wenesdays -  
because they are very motivational and educational.

it gives my kids a sence of dicipline and responsability -  
the they are working on.

I am glad I foud this program and plan to continue.
